

MEMBER SPOTLIGHT - Cara Venne

I am from Hibbing, Minnesota

I got my start in the biz working for Mac Cosmetics. While working there I met many people in the industry which helped me to build relationships for my freelance career as a make up artist.

I am currently working on writing a script for a feature film I want to make. Also expanding my career in the industry as a production assistant to help build my career path and introduce me to different jobs in this business.

The projects I am most excited about are the ones I get to use my own creativity. I would love to be part of a creative team on a movie like Tim Burton's "Alice In Wonderland" coming out in 2010. The make up in that movie is going to be

amazing!!!

In ten years I see myself... well I wish I knew. I'm a big dreamer and I'm hoping all my hard work pays off.

The best part about being a member of MN WIFT is all the wonderful women I am meeting in the industry. Listening to them about their past projects and the new projects they are working on.

I think we can strengthen the community of women in production by supporting one another and encouraging each other to be true to our work, ideals, and future.

Most people don't know that I lived in Taipei, Taiwan for 17 months teaching English and then I moved to Basel, Switzerland for 12 months as a nanny. It was an amazing opportunity to experience other cultures in this big beautiful world we live in.

If I could be anywhere in the world right now it would be on a movie set.
Three people I would love to meet are Kristin Scott Thomas, Rachel Weisz, and Cate Blanchett
