I am originally from... North Dakota

I got my start in the industry... in 1998 on the film "Election".

I am currently working as... a producer at TruShot Films.

This past summer I line produced and AD'd the feature film "Death to Prom", I am currently line producing a short called "Golden" which is being shot in November and will star Bain Boehlke and Wendy Lehr, and along with my partner at our production company, TruShot Films, we've optioned the rights to a script with the working title "Norman" and we want to shoot it in North Dakota and Minnesota late next summer.

The projects on which I've most enjoyed working are... Whatever I am currently working on.
